HOMEWORK 05

Sensor Systems

Due date

Squad A: Thursday, October 22, 14:30
Squad B: Sunday, October 25, 14:30

5a. Scroll group members on the LCD

Write on the LCD the name of each member of your group, one per line, in alphabetical order. Scroll every one second as indicated below:

```
MEMBER 1
```

Then, after 1 second

```
MEMBER 1
MEMBER 2
```

Then, after 1 second

```
MEMBER 2
MEMBER 3
```

...

```
LAST MEMBER
MEMBER 1
```

Let the cycle repeat

5b. Display a received string on the LCD

Try sending from the PC via UART a string of variable length that is displayed on the LCD.

> ***Hint:*** *Use the ReceiveToIdle function.*
